Benchtops & Cabinetry

Design for life.

Laminex® has been part of Australian life for more than 80 years. Our commitment to design, innovation, quality and sustainability endures. That's why we continue to produce a beautifully curated collection of decorative surfaces. They're perfect for a wide range of styles and applications, and are designed to stand up to the rigours of everyday life.

Navigating the range.

The Laminex Colour Collection is a timeless range of laminates, categorised into four décor categories: Whites & Neutrals, Woodgrains, Minerals and Accents – globally inspired by the colours from nature for all Australians to enjoy.

Whites & Neutrals

Laminex Whites offers a range of base tones giving each shade its distinctive character. Mid tone neutrals are inspired by nature, offering raw, organic characteristics and a selection of dark colours feature deep, earthy browns through to intense charcoals and blacks.

Woodgrains

Laminex Woodgrain surfaces beautifully reflect the authentic textures and tones of solid timbers. Select from cool and neutral grey tones, through to lighter warm and darker woodgrain surfaces.

Minerals

The Minerals range is inspired by the textural beauty of natural stone and concrete surfaces. Marble decors offer timeless sophistication whilst our aggregates deliver a luxurious look of natural stone, quartz and terrazzo styles. Our concrete decors are raw and unrefined, bringing a sense of lasting durability.

Accents

The Accents range is an evolving palette of decors that reflect shifting design trends. From muted bolds to brilliant brights, accent colours add impact and expression to a space.
