

Laminex[®]

The Metallic Series

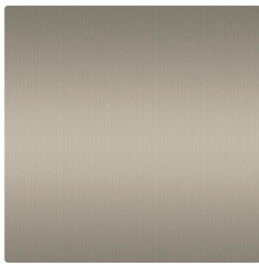

The Metallic Series

The appeal of sophisticated metallic surfaces is timeless. From the classic tones of brushed brass, copper and bronze and the radiant glow of rose-tinted gold, to the textural authenticity of deep-red oxidised steel, they bring a refined sense of glamour to any interior space. As statement wall panelling, they are brilliant and bold; as accents, subtle and surprising. They provide contrast to solid colours, timbers and stone, and cohesion with matched metallic fittings and objects. And you'll find the very best of them here, in our innovative collection of metallic surfaces.
