

# Laminex<sup>®</sup> InvisiEdge<sup>®</sup> ABS Edging

Laminex<sup>®</sup> InvisiEdge<sup>®</sup> ABS Edging delivers the look of seamless 2pac painted doors and panels, with the affordability and durability of Laminex.

With a virtually seamless edge appearance, Laminex InvisiEdge<sup>®</sup> ABS Edging gives Laminex Cabinetry a similar look to 2Pac Painted Doors, with the functional benefits of laminate. The functional layer that is activated and fused to the board during manufacturing creates an almost invisible joint. As there is no glue used, this helps to keep the edge line free of dirt and contamination keeping the edge looking great for years to come.

InvisiEdge ABS Edging comes in a range of decors and finishes in 23mm rolls for cabinetry applications and 38mm for benchtop applications.

InvisiEdge can be fabricated by cabinet makers and joiners with a compatible 'airforce/laser' edgebander. Alternatively you can order directly from Laminex as a finished door/panel, through our DesignEdge Made-to-Measure Range.
