Laminex Square Edge doors are manufactured, marketed and distributed by Laminex Group Pty Limited ABN 98 004 093 092, trading as Laminex. In some cases, Laminex uses computer generated imagery (CGI) to provide graphical representations of our products where actual photos are not available. The colours and finishes of the products featured within all Laminex imagery are as close to the Laminex range as CGI, photographic lighting and our printing processes allow. Different camera angles, although not designed to be misleading, can sometimes distort actual size and distances. Laminex Square Edge doors are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. Laminex Square Edge doors should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface. Please obtain a copy of the terms and conditions of the Laminex Limited Product Warranty from [Laminex.com.au](https://www.laminex.com.au). This warranty is in addition to any rights that may exist under the Australian Consumer Law.
