TIMBER *doors*

- CHOICE OF 7 timber species
- NATURAL TIMBER doors
- 7 UNIQUE profiles
- CHOICE OF 6 glazed frames

If you want to create a home rather than just a house, the warm, rich look and feel of **Laminex® Timber Doors** are for you.

Timber is the ultimate in creating environments with a natural feel. It can create a modern or classic look and works with a wide range of colours and textures. Laminex Timber Doors are available in 7 species that range from light, warm colour tones through to rich reds and browns. Each timber species comes unique with its own individual grains and markings as grain patterns and colour variations are natural features of timber.

To ensure a consistent, durable and high quality surface that will stand the test of time, Laminex Timber Doors are finished with a 2 Pac polyurethane lacquer. Before the doors are lacquered it is ensured the centre panel of the door is sealed prior to assembly. This prevents any unlacquered sections of the door construction becoming visible.

Laminex Timber Doors allow you to create your own individual design, from stylish contemporary through to a country design. A well maintained timber kitchen or cabinet door will continue to look beautiful years from now as Laminex Timber Doors are backed by a seven year limited warranty.

Fashions may come and go, but the appeal of timber; and Laminex Timber Doors, will always remain.

For more information visit laminex.com.au or call **132 136**.

Laminex Timber Doors are marketed and distributed by The Laminex Group. A division of Laminex Group Pty Limited ABN 98 004 093 092. The colours of the photographs depicted in this brochure are as close to Laminex Timber Doors range as photographic lighting and modern printing processes allow. Colour/finish combinations are subject to availability. Colours/finishes shown are available at the time of publication, but may be withdrawn. Dark colours require more care and maintenance than light-coloured surfaces. The Laminex Group recommends the use of mild household cleaning products for dark colours, please visit laminex.com.au for specific care and cleaning information. Please note that in certain lights or from different angles wipe down marks may be visible. Laminex Timber Doors are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. Laminex Timber Doors should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. Please obtain a copy of the terms and conditions of the Laminex Timber Doors 7 year limited warranty from The Laminex Group or visit laminex.com.au. This warranty is in addition to any rights that may exist under the Trade Practices Act.
