KITCHEN ESSENTIALS

style staple:
CABINETRY

Open the door to a world of possibilities with the latest styles and finishes for chic kitchen cupboards

WORDS KYLIE JACKES

Generally speaking, what you can afford will dictate which types of cabinetry and what sort of finish you'll have in your kitchen. There's such a vast range on offer that it's much easier to plan a kitchen which punches above its budget in the style stakes. But it pays to look around: flat-pack may seem the way to go if money's tight but with an awkward space, bespoke may be the best option. Read on for our helpful planning pointers.
