

LAMINEX® TIMBER DOORS

1. Subject to paragraph 7, this obligation terminates at the expiration of 7 years from the date of purchase of the product concerned from The Laminex Group.

 - e) general fading and discolouration and change in appearance due to direct and indirect light (exposure to direct sunlight should be avoided) (NB. Timber products, including Laminex Timber doors product, will react to direct and indirect light. Therefore, a change of the surface colour and appearance over time is a natural characteristic, not a defect. Additionally, heat and humidity will interact with light to accelerate the ageing process. If exposed to direct and strong light timber products may undergo sudden and irregular changes from the original colour as a little as an hour's exposure to sunlight may change the colour of timber.  - f) the product being used in applications that are not recommended by The Laminex Group in the product literature published by The Laminex Group; or
 - g) faulty workmanship by any person subsequent to supply of the Timber doors finished product from The Laminex Group; or
