Use this guide as a starting point to bring your kitchen to life.

Design tips

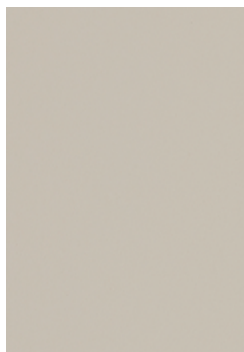

The warmth of Silky Maple cabinetry combined with Grey Cement benchtops provides a soft tranquil feel to your space. Add light timber tones, glossy metallics and hints of green that contrast beautifully with grey and pick up tones in the cabinetry. Add edge with simple silver hardware and pendent lights – just one, or cluster several, above the island bench to complete your kitchen's look and flood your benchtop with light.
