Important Information

Dark colours and gloss finishes are not recommended for high wear applications such as busy kitchen benchtops. These colours or finishes will show scratching more readily than lighter colours or lower gloss surfaces and require a higher level of care and maintenance.

Formica Metallic Laminates are designed for interior vertical use only. They are not recommended for high humidity environments or for applications where frequent exposure to moisture or water is likely to occur.

Please visit formica.com.au for full technical information including the Technical Data Sheets (TDS), Care & Maintenance documents and the Terms & Conditions of the relevant Formica Limited Warranty.

FORMICA PRODUCT OVERVIEW

Benchtop Laminate

A thin laminate used to be formed around a thicker substrate to make a laminate benchtop. Laminates can also be used as bonded panels for vertical application.

Decorated MR E0 MDF

Moisture Resistant (MR) MDF panels, bonded on both sides with a decorative surface. Each colour in the range has matching edging.

Decorated MR Particleboard

Moisture Resistant (MR) particleboard panels, bonded on both sides with a decorative surface. Each colour in the range has matching edging.

Decorated Standard Particleboard

Standard particleboard panels, bonded on both sides with a decorative surface. Each colour in the range has matching edging.

Metallic Laminates

A range of vertical application thin laminates, with a real metallic surface.

FINISHES

Velour

A highly durable, multi-purpose low sheen finish.

AR Plus®

High gloss finish for moderate use applications that requires more care and maintenance.

Velvet

A hard-wearing soft to touch multi-purpose cabinetry finish.

Pearl

A smooth, lightly stippled, hard-wearing finish.

Gloss

An easy-care, semi-gloss finish.

Grain

A hard-wearing, tactile, matte woodgrain texture.

Metallic

A real aluminium surface in an **anodised** or **brushed** tactile finish.
