

# MADE

by Laminex®

What is MADE?

# Modular joinery for modern spaces.

MADE by Laminex is a system of pre-assembled base cabinets, doors and benchtops paired with optional planning and design support as well as home delivery — all designed to take the stress out of creating your new space.

## MADE simple

Taking the complexity out of joinery with curated colour schemes, planning and design services and home delivery.

## MADE individual

Choose from a wide range of Laminex décors to create the perfect space for you.

## MADE affordable

Making high quality, Australian-made design accessible to more Australians, to enable good living.

## MADE for your space

Joinery for kitchens, laundry and bathroom vanities, from large to small home renovations.

# MADE in Australia

MADE is Australian-made modular components and services including:

- Pre-assembled base cabinets
- Made to order doors
- Made to measure benchtops
- Design planning service
- Delivered to your door

# How MADE works

01

## Choose your palette

Be inspired by our 15 palettes, or create your own palette from our wide range of Laminex décors available through MADE by Laminex.

02

## Measure your space

Use our handy measuring guide to measure your space. Bring the dimensions into your nearest MADE showroom and then get started on the design.

03

## Plan your design

Work with one of our design consultants to plan the layout of your new space. We consider factors including your budget, functionality and colour palette.

04

## Order your components

Once you've approved your design, our designers will place an order for all your components.

05

## Professional installation

Now you're ready to connect with a 3rd party professional tradesperson in your area, to help get your joinery in place.

# MADE individual

MADE by Laminex is available in a range of décors from the Laminex Colour Collection. The range is categorised into four décor categories: Whites & Neutrals, Accents, Woodgrains and Minerals – globally inspired and adapted for all Australians to enjoy.

Opposite: Flat-lays feature Laminex Chalk White, Laminex Classic Oak, Laminex Luxe Elba TrueScale and Laminex Kalamata.

# The MADE philosophy

MADE by Laminex is all about modern, flexible, modular joinery systems that are easy to configure, affordable and great to live with. Our offer was developed with three core ideas in mind:

Cabinetry in Laminex Outback Clay, benchtop in Laminex Danish Walnut.  
Styling by Natalie James. Photography by Eve Wilson.

## Renovation doesn't have to be hard or complex

We think choosing and installing joinery should be easy and hassle-free. Our goal is to simplify the process, making every project manageable and straight-forward, so you can have your joinery installed without any added stress or confusion.

## Everybody deserves great quality design

We believe good design is a basic foundation of good living, and should be accessible to everyone. Our modular systems mean we can make functional and high quality joinery available to more Australians, no matter how large or small your project.

## Spaces are as unique as the people who use them

By offering customisable components, in a large range of décors, we can make sure every space is a perfect fit for the people who live in it.
